CUT SPENDING! California recalled the Governor three years ago when he proposed a $96,000,000,000 budget. Now its $131,000,000,000 plus $43,000,000,000 in bonds on the November ballot.

NO BENEFITS FOR ILLEGAL IMMIGRANTS. Giving free healthcare and education to illegal immigrants encourages more illegal immigration. California cannot afford it.

END GRIDLOCK. Spend gasoline taxes and vehicle license fees on building more lanes and allow the construction of private toll roads for commercial trucks.

Art Olivier cut taxes and improved services as Mayor and will do it again as our next Governor!

You've heard the expression, "I would have to write a book." Well, I did. It's called: "California: Under Corporate Rule".

Corporations control our electoral system, want to privatize our schools, name our sports fields, control our media, destroy our ecology, and promote wars of plunder. Most profitable corporations pay no state taxes in California.

Ninety percent of our people on average have received no increase in inflation adjusted pay in 35 years and our real minimum wage has dropped dramatically while our economy more than doubled and corporate profits soared.

My web site shows how a FAIR TAX can raise an additional $25 billion for our budget, allowing us to dramatically increase education funding, begin a massive move to alternative energy, and modernize our infrastructure, while reducing most people's taxes.

Immigrants actually help create jobs. Marriage must be an option for everyone. The death penalty, three strikes and racial profiling must end.

Our outdated, exclusionary, winner-take-all money-controlled electoral system has been universally rejected. We need public funding, proportional representation and ranked choice voting, where people feel free to vote for the candidates they support, and can hear all points of view.

Please visit votecamejo.com to help us plan and execute these ground-breaking opportunities for positive change in California. Thank you for your support.
